

January 23, 1962

Dr. Richard Heber  
Association for the Aid  
of Crippled Children  
345 East 46th Street  
New York 17, New York

Dear Dick:

I would be obliged to you if you could get me the following material from congressional committees last year:

- a) The Fountain report on the NIH extramural activities
- b) The fiscal 1962 budget hearings for the Public Health Service which include some of the discussions on information services in the NIH.

Yours sincerely,

Joshua Lederberg  
Professor of Genetics

Heber
